

## Press Release

### **K Manoharan joins LifeGuard Technologies as National Technical Sales Advisor-SubAsia**

LifeGuard Technologies is pleased to announce K Manoharan has joined LifeGuard Technologies Joint Venture Company Global Passive Safety Systems India Pvt. LTD. (LGT India) as the National Technical Sales Advisor. Manoharan brings a career in the compressed gas industry to LifeGuard Technologies most recently as Head - Global Engineering Center, Linde Gas where he was responsible for plant engineering worldwide providing unparalleled reliability, efficiency and competence in project planning and execution including field assessment after commissioning. Prior to working for Linde Gas, he was National Operations Manager-Packaged Gas and Customer Engineering Service for Praxair.

Manoharan has more than 30 years experience and he will head the India market sales and service program which is in line with LGT's global geo-expansion strategy, an initiative aimed at strengthening the company's presence in growth markets around the world by providing its patented and patent pending technology, services and solutions to an expanding base of customers and partners.

"I am very enthusiastic about the company, our patented technology, our team, the products and the markets we are working within. LifeGuard technologies is a fast growing business and I am excited to lend my experience and industry knowledge to assist in this important safety technologies growth". said Manoharan.

"Manoharan's appointment is the perfect addition to our venture after recently establishing our approved compressed gas hose assembly and cleaning facility. Manoharan is one of the most knowledgeable technical compressed gas industry people in India and having his experience and knowledge will further accelerate our expansion within India and Sub Asia." said Suyash Gupta, Managing Director, GPSS India JV LGT.

#### **About LifeGuard Technologies**

LifeGuard Technologies is formed to take the next steps by providing, on a geographical basis, reliable, readily deployable and cost effective improvements in industrial safety. As the name declares we are a Global Company that is based upon the extensive experience of its founders and joint venture partners and believes that significant and measurable enhancements to industrial safety are achieved with deployment of "passive devices". The essence of our mission is to increase the safety of all operations and facilities through the deployment of systems such as the "LifeGuard Safety Hose" and others. Manoharan's email is [ManoharanK@lifeguard-tech.com](mailto:ManoharanK@lifeguard-tech.com).
